BETA SIGMA PHI is a non-profit service organization with the mission to support, encourage, and impact the community we love. This poker run funds an annual "Hand Up" Woman's Scholarship to those entering in to higher education or are currently enrolled and need financial support. The money we raise supports multiple donations to various school activities like Girls State and Save-A-Senior. In addition, we support local families through food baskets, monetary donations, and Angel Tree presents, to list just a few.

As the success of this event grows, the expense of the production grows as well. The impact of your support guarantees that our donations and community charity activities can continue.

We hope you will consider being a sponsor. A sorority representative will be in contact with you over the next 2 weeks to inquire if your organization would like to participate in this year's event. For additional information, please contact the Sponsor Coordinator, Carolyn Cox, at 918-931-7433 or mrscox2008@gmail.com.

Thank you for your time and consideration.
